

Lindsay Circle Christmas Bird Count

Saturday, December 16th

Fleming College and the Kawartha Field Naturalists are calling on birders of every skill level to participate in the Lindsay Christmas Bird Count.

This annual event occurs across North America over the Christmas season and is a great example of how citizen science can be used to help track bird population trends and locate rarities.

We'll be meeting at the college at 8 AM and returning around 4 PM for a tally and potluck supper.

To participate, email Paul Ashley
